### **REPORT OF HEALTH OFFICER**

In conformity with the usual custom, I herewith submit my report as Health Officer for the year ending January 31, 1941.

The following contagious diseases were reported to me:

5 Chicken Pox

5 Measles

2 Scarlet Fever

1 Gonorrhea

1 Typhoid Fever

5 Syphilis

A cat that had bitten a person was sent to Laboratory of Hygiene; the microscopic examination of brain gave negative results for rabies.

I collected from the milk dealers at four different times, samples of milk, and sent them to the State Laboratory of Hygiene for analysis. I regret to report that some showed evidence of hand capping, in violation of the law; others excessive bacteria and a few colon organisms. With the state inspector I visited the dealers' barns and found conditions better than when last visited.

Several complaints have been made about sewerage, sink drains, pig pens, etc., all of which were investigated.

The duties of a health officer are not always pleasant. In case you are not all familiar with his duties, let me tell you of a few. It is necessary to quarantine most all contagious diseases; give them proper advise; report weekly to the State Board of Health; and disinfect the premises when patients have recovered.

Send water and milk to laboratory for analysis; inspect cattle barns; hold funerals for cats and dogs and see that they are properly buried.

I expected we would be drinking spring water before 1941, but such is not the case. We are still using the Epping town water. Several samples of which, that have been sent up to the laboratory show the following report: "Good organically and bacterially; considerable turbidity; excessive iron."

It is the opinion of your health officer that we should have a sewerage system; good sidewalks; new high school building; better water and lower

taxes. This can be accomplished by practicing economy and educating the voters that what they vote to appropriate must be raised by taxation.

Respectfully,

George A. Gilmore,  
Health Officer.

**REPORT OF OVERSEER OF THE POOR**

Appropriation . . . . .	\$ 6,000.00
Direct relief . . . . .	\$ 4,600.23
Old age assistance . . . . .	859.91
Board and care of children	515.50
Board and care of adults ..	234.00
	<hr/> \$ 6,209.24

Bills contracted for direct relief prior to April 1,

1941, \$1,273.90, subtracted from total direct relief led us to believe that we can keep direct relief costs below \$3,500.00 for the coming year. We have received reimbursements of \$88.00, and have notes and pledges signed for payment of \$247.00 in hospital bills.

Direct relief recipients have cut 50 cords of hardwood and 148 cords of pine wood this year, since April 1, and we have 118 cords of pine on hand at the present time.

All deserving cases have received aid, in sufficient amounts, and will continue to receive it as long as the present board exists.

---

### POLICE DEPARTMENT

Appropriation .....	\$	694.00
Expended .....		601.98

---

Balance .....	\$	92.02
---------------	----	-------

We also received from the Municipal Court \$104.00, for costs in cases where officers made arrests while on salary, and court costs of \$197.00 over and above the cost of our Municipal Court. These figures show that the actual cost to the town for police protection, traffic control and emergency calls was \$301.98.

Traffic on Route 125 has made it necessary to have officers on duty on Sundays and holidays and this year an officer has been on duty from eight P. M. Saturday until two A. M. Sunday.

We hope these facts and figures will cause the taxpayers to appreciate our police department, and do away with the unjust criticism that has been handed out in the past.
